## **PUBLICATIONS**

Wide range of publications relating to the management of colorectal cancer including authorship of recent national and international guidelines.

## **MEDICO-LEGAL EXPERIENCE**

I undertake medico-legal work in the form of clinical negligence claims relating to colorectal surgery including the diagnosis and management colorectal cancer. I began medico-legal work in 2012 and currently provide approximately 10 reports per annum. A report will take 6-8 weeks to prepare upon receipt of all relevant documentation to the case.
