

Mr John Anthony Murphy

MBChB FRCS PhD

Present Appointment

Consultant Oncoplastic and Reconstructive Breast Surgeon
Manchester University NHS Foundation Trust

I am a Consultant Breast Surgeon in the Nightingale and Genesis Breast Cancer Prevention Service, which is the largest breast unit in the UK. My specialist areas are **oncoplastic breast surgery** and cosmetic breast surgery which includes complex revision breast surgery.

Medicolegal Experience

I have undertaken medicolegal work in the form of clinical negligence claims relating to breast cancer and breast surgery since 2021. I accept reports dealing with Standard of Care, Delay in Diagnosis, Causation, Tumour Doubling, Condition and Prognosis. I accept approximately thirty cases per year.

Research

I am active in research producing quality 'high impact factor' publications on a regular basis focusing on oncoplastic breast surgery and improving patient outcomes. I have published over one hundred articles as well as book chapters and regularly present on a National and International Stage.
