

# Dr Jurjees Hasan MSc., MD, FRCP

---

## Present Appointment

**Consultant Medical Oncologist,**  
The Christie Hospital NHS Trust

## Medico-Legal Experience

I am a Consultant Medical Oncologist based at a tertiary cancer centre, specialising in the treatment of pelvic malignancies, principally gynaecological and colorectal cancers. I am a core member of the specialist colorectal cancer multidisciplinary team (MDT) and currently serve as the medical oncology lead for the MDT.

I have an active research interest in clinical trials in colorectal and gynaecological cancers. I have advised NICE on an ad hoc basis over several years and have served on NICE panels. From 2010 to 2016, I was a member of the NIHR Pharmaceuticals Panel. Between 2019-2025 I served as a member of the NICE Interventional Procedures Advisory Committee. I have also led cancer peer review inspections of cancer units.

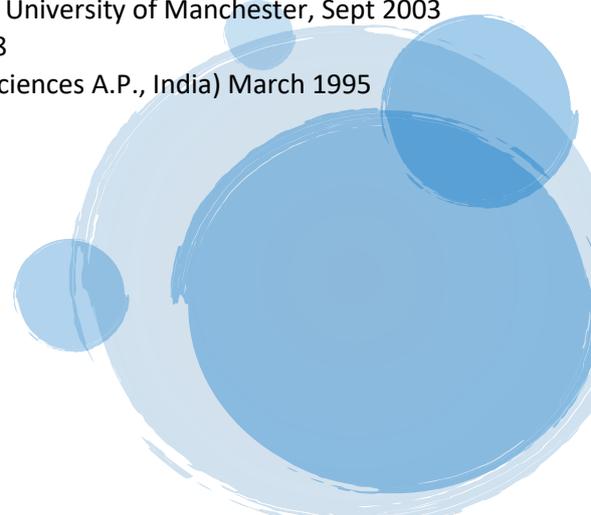

I have been undertaking medicolegal work in my specialist field for over five years. Approximately 90% of my instructions have been on behalf of claimants, although I am willing to accept instructions from both sides and I currently complete approximately five to six medicolegal reports per year. I have also undertaken expert reviews for The Coroner and the GMC.

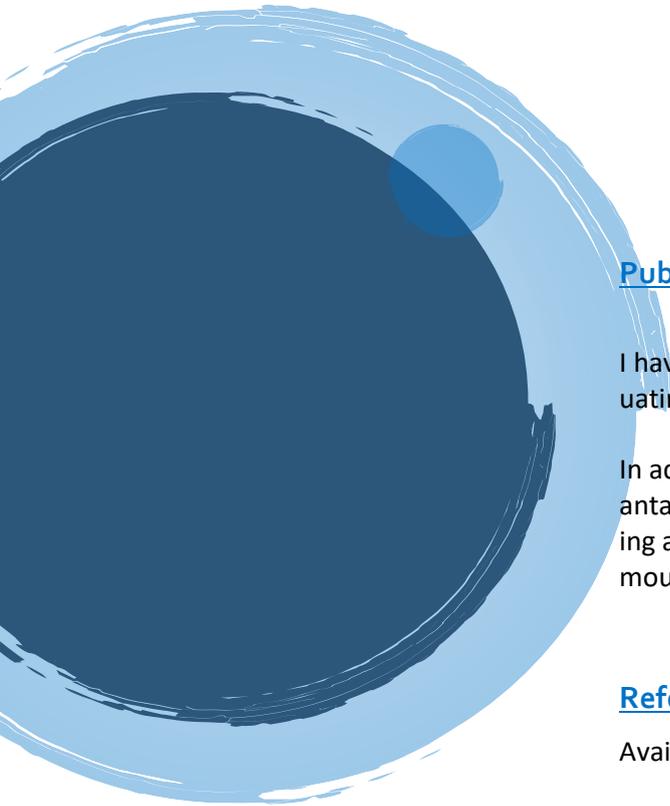

## Qualifications

- M.D. University of Manchester August 2008
- CCST in Medical Oncology August 2005
- MSc. Medical Oncology, University of Manchester, Sept 2003
- MRCP (UK) January 1998
- MBBS (Univ. of Health Sciences A.P., India) March 1995

## Publications

I have contributed to multiple clinical studies and phase I-III trial evaluating systemic therapies in gynaecologic and colorectal cancers.

In addition, I have authored and co-authored review articles on VEGF antagonists and targeted therapies in epithelial ovarian cancer, reflecting a sustained academic interest in translational research linking tumour biology, imaging biomarkers, and clinical outcomes.
