Medico-Legal Experience

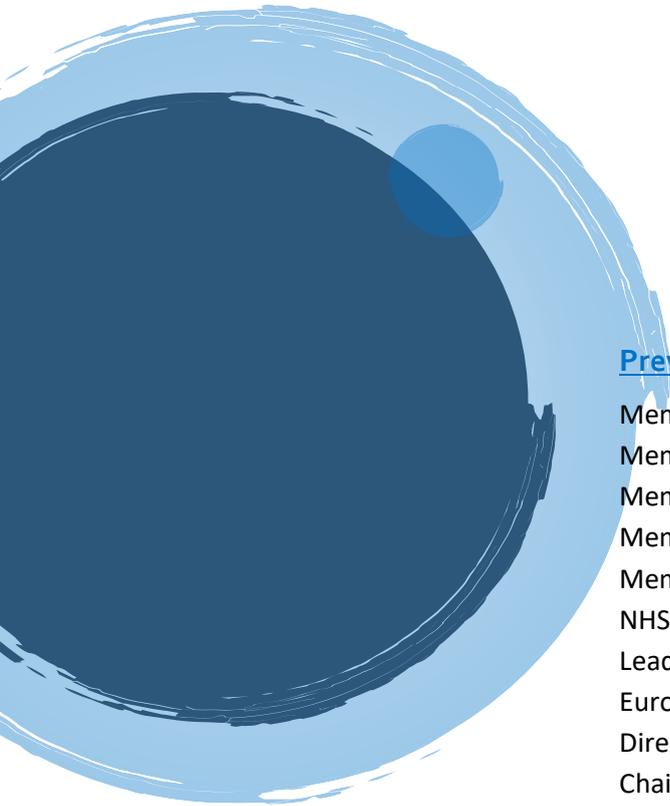

Professor Sangar is a professor specialising in Urology and has acted as an expert witness for over 12 years. He has undertaken formal expert witness training and maintains a full medico-legal practice.

He accepts instructions from both Claimant and Defendant law firms in personal injury and clinical negligence matters, providing independent and balanced expert opinion. His experience includes the preparation of CPR-compliant reports and participation in joint expert reports. He is also able to undertake instructions in group litigation and class actions.

Professor Sangar has not yet given oral evidence in court but is familiar with the requirements of litigation and expert duties.
